consultation with their respective teacher.	

## #12 contact hours for Assignments, Visits, Research, Field Studies, etc.

# Internship:

A student has to undergo minimum of sixty hours of practical training in business establishments. The Internship Programme is based on the contents that are prescribed for all the papers under relevant disciplines and shall be part-time or full-time depending on the nature of jobs

### Types of Internships

- 1. On the Job Students can register with any organization, business, traders, or office.
- 2. Virtual internships Another option is a virtual internship which can be completed remotely. This means the intern can work from home rather than in the office.
- 3. Externships/Shadow–Internship- Observation-based internship Instead of actually working in an organization the student can observe the employer while working and the student will record the observations on working. This is another option for an internship. Externships provide brief experiential learning opportunities for students, typically consisting of few days or few weeks.
